IMPORTANT INFORMATION:

Halloween haunted house activities at Indy Scream Park (hereinafter referred to as the "Park") are very extreme activities, are very high risk, and possess an elevated level of danger that could result in physical and emotional injury, permanent injuries, death, and property loss and damage. These risks include, but are not limited to: impacting trees, the ground, hidden or unseen substances or materials/debris (whether natural or man-made), other patrons, staff members, and man-made objects such as walls, barriers, boundary markers, ramps, rails, cables, towers (whether directly or by objects falling from them), possibly at high speeds; exposure to wildlife and/or insects; eye injury; exposure to infectious diseases and/or viruses; inclement weather, lightning, rain, wind gusts, hypothermia, hyperthermia, fatigue, chill, dizziness, heat and sun-related injuries and illnesses like sunburn, sun stroke, and dehydration; slip and falls on foreign transitory substances or any other liquids or slippery substances; trip and falls on any natural or man-made objects; aggravation of preexisting medical conditions of any kind. Equipment of any kind may malfunction, be defective, or fail, and safety equipment may not adequately protect you. Patrons may perform activities out of control or beyond their physical limits, or otherwise act in a negligent, reckless, or intentional manner which contributes to the injury or death of themselves or other patrons. Staff, patrons, and other individuals may act negligently, recklessly, or wrongfully. The Park may fail to warn patrons of certain risks, and one activity might possess different risks than another. Therefore, you will participate in all activities at the Park at your own risk. By purchasing a ticket, you and all members of your group understand and appreciate all of these risks and the possible outcomes, understand that this is not a complete list and there may be unknown or unanticipated risks, and voluntarily choose to participate nonetheless.
